FOCH BATTERS GERMANS ON THREE FRONTS

Alles in Heavy Fighting Steadily
Driving Back the Germans—15-
000 Prisoners Taken in Four
Days—Total Losses of
Foe's Effectives Not
Less Than 50,000.

Paris, October 26—The battle has
flamed up again and heavy fighting is
under way from Valenciennes to the
Meuse. The Germans are resisting
everywhere, but the Allies continue to
make substantial headway in the task
of driving back the enemy on the
Meuse line.

Although the recent fighting has
been marked in no sensational de-
velopments, it is having a cumulative
effect which, apart from the ground
gained, adds considerably to the vast-
age of men and material with which
the Germans must reckon. In the
last four days the enemy has lost well
up toward 15,000 prisoners and 200
guns. His total losses of effectives
can not have been less than 50,000.

Strictly speaking, there are three
large battles in progress, all of which
are being conducted with equal suc-
cess for the Allies. The first is being
carried on by the British Third and
Fourth armies which, pushing on
toward Mons, have reached the Val-
enciennes-Hirson double-track rail-
road. The second is the attack of
General Mangin, north and east of
Laon, which has resulted in a gain
on a front of eight miles for a dis-
tance of two miles. He has carried
his line out of the swamps around
Sissonne. The third battle is being
fought by General Guillaumat on a
front of 17 miles, from Sissonne to
Chateau Porcien, where the Hun line
joins the Kriemhild system of
defenses. The average gain has
been a mile, although at several
points the advance has been greater.

With the American Armies in
France, October 26—The Americans
have cleared the Germans out of the
important Bourgoigne Forest, north of
Grand Pre, driving a sharp wedge in-
to the enemy lines.

The forest was taken in short
rushes, the doughboys then swinging
eastward behind the German lines and
threatening to cut off the boche north-
west of Grand Pre.

The attack in the Grand Pre region
followed that of yesterday, farther to
the eastward, in which the Americans

advanced nearly half a mile near Ban-
theville, occupying the high ridge
north of that village.

The positions were taken after sev-
eral assaults against the enemy ma-
chine gun nests. One hundred and
seventy prisoners were taken.

Bourgoigne Forest extends from a
point west of Grand Pre to a point
about two miles and a half north of
that village. Bantheville is about 10
miles east of Grand Pre.

To Lift German Yoke From Rumania
London, October 26—French patrols
have crossed the northwestern part of
Bulgaria at Lom Palanka and forced
their way into Rumania to liberate
that country after a year's occupancy
by the Germans, according to a
French war statement received here.

L. & N. ENGINEER AN INFLUENZA VICTIM

Mr. M. Delmore Lemaster, of Paris,
passenger engineer on the L. & N.,
died at his boarding house here last
night of pneumonia. He was about 30
years old, and his mother was sum-
moned to his bedside Thursday. She
having buried a son only last Mon-
day who died of pneumonia. He is
survived by his mother and one brother.
He was on the passenger run on this
division in place of Mr. Frank
Smith, who has been off on account of
illness. The remains were taken to
Paris this afternoon and the burial
will take place tomorrow morning in
the Paris cemetery.

SPECIAL REGISTRATION DAYS

Qualified voters, who were not able
to register, on account of sickness or
were not in this city between the
hours of 6 a. m. and 9 p. m. on October
1st, regular registration day, can reg-
ister at the County Clerk's office, on
next Monday, Tuesday and Wednesday
October 28, 29 and 30.

If any one failed to register for any
reason other than sickness or absence
from this city, he CANNOT register.

COMPLETE

Line of Columbia Machines, and full
line of Records. Truthful statements
and liberal terms guaranteed.

CLOONEY, Jeweler, Columbia Dealer.

The Lexington Herald of this week
contained a picture of Miss May Wood
Brown, daughter of Mr. and Mrs.
George F. Brown, formerly of this city
who has volunteered as one of the
nurses at the Kentucky University
where there are 236 cases of influenza.

GET YOUR BIBLE, READ IT AND THEN GET BUSY

Right Now Is the Time For Every
Well Person in Maysville to
Be a Good Samaritan.

This appeal is not made with
the thought that there is nothing
being done in this city to relieve
the great amount of distress that
is within our borders.

The purpose of the blessed Mas-
ter in speaking the parable of the
Good Samaritan, one of the most
striking and convincing lessons,
was not made with the thought
that no one was not doing any-
thing at that time for the poor and
distressed and sick but was made
as an exhortation to neighborliness
for more to get the spirit of the
Samaritan and lend a helping
hand wherever needed, and this
definition gave neighborliness a
much broader application than it
had ever had before, in that it
overstepped the circumscribed
boundaries. Whoever is in need
of distress, no matter whether he
lives in the house next door or in
the farthest corner of the city, if
we know of his need and distress,
is our neighbor, and it is our duty
to respond when the need is made
known to us.

The various charitable organi-
zations of this city, the Red Cross
Committee, the Board of Health
and the Alms Committee of the
City Council, are simply over-
whelmed at this critical time and
some relief by our citizens is
sought outside these regular chan-
nels. Not that these organiza-
tions are trying to shirk or to un-
load responsibility upon some one
else, but to see that ALL cases of
sickness and distress are properly
cared for in order to stamp out
the influenza epidemic that has us
in its grasp.

Then for practical purposes let us
say that our neighbor is the af-
flicted man, woman or child in
our immediate vicinity; or, bet-
ter, that all afflicted men, women
or children in our immediate vic-
inity are OUR neighbors.

By taking this view, by making
responsibility personal, and mak-
ing the man and woman in each
neighborhood responsible for the
well being of their neighbors, as
thus defined, we can instantly
move a long way toward getting
a firm grasp upon the distress
that pervades our city and attain
a position that will enable us to
relieve all of it.

There are afflicted men, women
and children in a number of
places in Maysville. That there
are a sufficient number of well
people in every part of this city
to take care of the sick goes with-
out saying. While the burden is
heavier on some than on others,
yet the general result will be
worth the burden imposed, always
remembering that what is gotten
is not worth the having unless
some sacrifice is made for it.

Good Samaritans have come to
the front in every part of the city
since the present epidemic broke
over us, and a number of men and
women have quietly relieved
known cases of distress. The fact
that this has been done on a lim-
ited scale suggests its practicability
upon a much larger scale. The
Red Cross committee, although it
has persistently appealed with all
its force and eloquence, has never
been able to secure a response
adequate to the needs of the situ-
ation, and thus neglect has been
unavoidable because of lack of
help. Only yesterday appeals
were made for more nurses to re-
lieve those at the emergency hos-
pital and for more and larger do-
nations of bedclothes, etc., and
money in order that this work
may be the more effective.

If anyone knows of cases that
have not been reported, be a Good
Samaritan—minister unto them
and then notify the proper au-
thorities. You are responsible for
your neighbor in the hour of his
misfortune. See that your neigh-
bors are cared for. Also, secure
from your own immediate neigh-
borhood volunteer nurses to re-
lieve those heroes and heroines
who have been hard at it all dur-
ing the past week and who were
charitable enough to "go and do
likewise."

The Ledger makes this appeal
for these three great institutions
that have worked and are now
working overtime for the purpose
of ridding our city, if possible, of
disease, pestilence and misery.

Don't let it go unheeded, but
come and do your utmost in this
time of need.

the Modern Laundry. Apply at once.

REPUBLICANS REFUTE PLEA OF PRESIDENT

Party's War Record in Congress
Shown to Be Without a Defect—
American People's War, Not
President's—Republican
Party Stands For Un-
conditional Sur-
render.

Washington, October 26—Republi-
can leaders in Congress have accept-
ed the challenge of the President and
have issued a statement bristling with
defiance and attacking every point
that the President attempted to make
in his statement. Excerpts from the
declaration of the Republicans, signed
by Senators Lodge and Smoot and
Representatives Gillett and Fess, fol-
lows:

"The Republican party stands for
unconditional surrender. There is no
Republican creed so short that there
is not room in it for those two words."

"This is not the President's personal
war. This is not the war of Con-
gress. It is not the war of the Demo-
cratic or the Republican party. It is
the war of the American people. It
is more. It is the war of the United
States, of the Allied Powers, of the
civilized world against the barbarism
of Germany. In this great burden
and responsibility the Republican party,
representing more than half the citi-
zenship of the country, demands its
rightful share."

"Although the Republicans of the
House are in the minority, they cast
more actual votes on seven great war
measures than the Democratic major-
ity was able to do."

"The President is quite ready to ad-
mit that Republicans are loyal enough
to fight and die, as they are doing by
the thousands; loyal enough to take
up great loans and pay enormous
taxes; loyal enough to furnish impor-
tant men at no salary on some of the
great war boards in Washington. In
the President's opinion, to be trusted
with any share in the government of
the country or legislation for it."

"The Republican party in Congress
has supported the Administration pol-
icies since the war with an unanimity
and an absence of criticism unprece-
dented in party history."

MAMMOTH STORAGE WAREHOUSE NEARING COMPLETION

The large storage warehouse of
Kirk & Key, fronting on Forest ave-
nue near Union street and running
back 500 feet, which has been under
construction for some time, is now
nearing completion. The sheeting
will be finished today and the roof-
ing proper will follow immediately.
This house will give this firm the
largest amount of storage capacity in
this section of the state, and they will
be able to take care of a large quan-
tity of tobacco this season.

MRS. J. B. THOMAS DIES AT HER HOME IN LEWISBURG, N. C.

Word was received by Miss Lucy
Wilson late Friday saying that Mrs.
J. B. Thomas had just died at her
home in Lewisburg, N. C. No state-
ment was made as to the cause of
death. Mrs. Thomas had many friends
in this city having spent several win-
ters at the Whitehall with her hus-
band, who is manager for the J. P.
Taylor Co.

Col. J. Barbour Russell was greatly
improved today, he having been con-
fined to his home the past three days
by illness.

County Clerk James J. Owens is ill
at his home on East Second street.

TURKEY MAKES AN OFFER TO SUR- RENDER TO ALLIES

Turkey's Minister to Switzerland
Makes a Peace Offer to British
and French Ministers.

(The subjoined dispatches regard-
ing Turkey and Austria are most sig-
nificant. The one reveals that Turkey
has finally determined to cut loose
from Germany and surrender. The
other indicates that some momentous
movement is under way in Austria,
either the breaking up of the empire
or its separation from Germany and
surrender to the Allies.)

London, October 26—The Turkish
minister to Switzerland has handed
the British and French ministers to
that country an offer of peace vir-
tually amounting to surrender, ac-
cording to a Berne dispatch to the
Daily Mail.

Zurich, October 26—Prince Freder-
ick Lobbkowitz and Baron Nadherny,
who represent the strongest anti-Ger-
man tendencies at Vienna, have left
the city for Switzerland, charged with
a mission about which no details are
given, according to the Neues Jour-
nal of Vienna.

London, October 26—A rumor cir-
culated in Vatican circles has it that
Emperor Charles of Austria and his
family are about to leave Vienna for
a Journey through Hungary, prelimi-
nary to the emperor's abdication, the
correspondent of the Daily Mail said
in a dispatch today.

DON'T FORGET TO CHANGE YOUR TIMEPIECE

Today is the last day on which the
"more Daylight" time will prevail
this year. At 2 a. m. Sunday, the time
in Maysville and throughout the coun-
try will officially revert back to 1 a.
m.—the hands of the clocks of the na-
tion be turned back one hour.

BEWARE OF SPANISH INFLUENZA

It is caught by breathing a germ in-
to the nose or mouth. Sterilize kills
germs and prevents disease. Sold by
MRS. GEO. SHIPLEY,
503 East Second Street.

Leslie Throckmorton, son of Mr.
and Mrs. Walter Throckmorton, died
this morning at his home in Gincin-
nati. He was a nephew of Mr. Wil-
liam Throckmorton, who died this
week. Burial at Mt. Pisgah cemetery.

SEED CORN SHOULD BE SELECTED NOW

Seed Secured Now Will Make a Hand-
some Profit Over the Ordinary
Run of Corn.

In sharp contrast to Iowa, which is
reported to have selected enough seed
corn for next spring, New York is al-
ready seeking an available supply for
her own use. In a letter received by
Mr. A. N. Gordon, who has been con-
nected with the Agronomy Depart-
ment of the University of Kentucky,
a prominent member of the faculty of
a New York Agricultural College asks
whether it will be possible to obtain
any high test seed corn from this
state. It appears that the seed corn
situation in New York is about as se-
rious as it was in the Corn Belt last
year, as a frost injured the New York
corn while still in the milky stage,
before it was possible to select seed.

I saw the reply which was sent to
this letter, and I am sorry to say that
very little encouragement was offer-
ed in regard to the amount of field
picked seed in Kentucky. It seems to
me that while there is still time to at-
tend to this most necessary duty there
is nothing which offers a farmer
greater opportunity for profit than the
selection of as much seed corn as he
has available. There is no certainty
yet that the high prices prevalent last
spring will not be repeated, and corn
at \$15 per bushel, a price many Ill-
inois farmers were forced to pay,
made somebody a tremendous profit.
There is little probability that any
such price will be offered in this coun-
ty, yet it is true that seed selected
now will sell at a handsome premium
over the ordinary run of corn. The
farmer can't lose, and he stands to
make a good profit if he has several
bushels of high test corn to sell in the
spring.

I shall be more than glad to assist
any one having good seed to find a
market for it.

GEORGE KIRK,
Mason County Farm Agent.

DOING HER BIT AT HOME

Mrs. Lottie Jane Harney is doing
her bit by helping her father, Mr. Al-
fred Sutton of Moransburg sow his
thirty-two acres of wheat on Mr. John
Perrine's place. She took two horses
and the Ranel harrow and in the
field was corn stalks about two feet
high. She is not only doing her bit
by helping with the wheat for the boys
but has a husband in Uncle Sam's
Service.

Miss Lenora Sutton one the girls
that enrolled in the Nurse Reserve is
now at the Blue hospital on Bridge
street.

NURSES STRICKEN WITH IN- FLUENZA

At the emergency hospital on
Bridge street there are twenty-two
patients being treated for influenza,
and all are doing nicely save one, who
is quite ill.

Two of the young lady volunteer
nurses, Misses Lenora Sutton and Ma-
rion Power, are ill with the disease,
leaving only one volunteer nurse, Miss
Mary Kehoe, to attend to the afflicted.
Miss Lee from the county was ex-
pected today.

The funeral of Mrs. Anna D. How-
ard, who died at her home in Akron,
Ohio, was held at Dover today. She
was the widow of Cyrus Howard of
Dover and was an aunt of Mr. W. A.
Munzing of this city.

Mrs. Rachel DeFosse of West Sec-
ond street, has returned home after
being at the bedside of her daughter,
in Cincinnati, who has been critically
ill with pneumonia, but is now con-
valescent.

Owing to the influenza epidemic the
national meeting of the Daughters of
the Confederacy, which was to have
been held at Louisville November 12,
has been indefinitely postponed.

The funeral of Mrs. Bernard Rog-
er, who died last evening at her home
on the Lexington pike from an attack
of pneumonia will be held tomorrow
afternoon.

 For Congressman
TRUMBO SNEDEGAR, Bath County.

USES OF THE LEAVES

Notwithstanding the influenza and the war, this beautiful October weather puts a smile on every man's face and a kind thought in his heart. And yet, like all beauty in the world there is a solemnity about it because it is the fate of beauty to be evanescent. We can already see the evanescence in the fading leaves and behold the beautiful death covering the ground. One can hear in the winds that scatter the leaves and behold the beautiful death covering the ground. One can hear in the winds that scatter the leaves prophecy of keener blasts in the near future with their icy chills and flurries of snow. We should be ready for them. We should have our coal bins filled ready to supplement the golden October with cheery grates and warm stoves. This lovely month will soon be a memory but the memory should help make our souls for the arctic days which are only a few weeks ahead. It all depends upon the way the spirit takes hold of the weather. We can make a May day out of December if that gets the upper hand and beholds in Nature a true friend.

In this connection we are reminded that a good Maysville lady told us last night in regard to the leaves. She said the leaves were so plentiful in Maysville that instead of burning them the people ought to use them on their flower gardens and vegetable gardens as fertilizer. This is a splendid suggestion. Instead of burning the leaves and filling the air with smoke and thus making it unpleasant and even dangerous for the people residing in our city, how much better it would be to cart these leaves to the garden and spade them under or use them as a mulch for flowers and shrubbery. Here is a suggestion worth more than a passing notice.

LOVE "OLD ABE" NOW?

The demomerts seem to dearly love Lincoln after he has been dead fifty years and they quote him in their literature at every chance. "You must not swap horses in crossing a stream," is one of their favorites, used to back up those holding with a bulldog grip on the public purse. There are no streams unbridged on the pikes in this state that cannot be safely used. Seems to us that about fifty-two years and more ago the demomerts were not so fond of "Old Abe." They called him an "old fool," "crazy meddler," "a dreamer," and some were willing to do him any sort of injury. But, my oh my, how they love him now and use his choicest epigrams in the endeavor to grease the way to re-election. No republican who has a memory will be inveigled away.

DO IT NOW

The city merchants all over the country have begun advocating Christmas shopping, especially in these times when early buying means so much to you and your country. Remember that every package carried means saving of man-power and gasoline, both essential in winning the war. With Christmas in mind, the Council of National Defense has emphasized the necessity for buying merchandise now. This refers not only to ordinary shopping, but to Christmas buying. It is up to the patriotic citizens to avoid the congestion that would result from procrastination. Now is the time to do your Christmas buying.

The Maysville merchants are just now starting a campaign along this line. We know the buying public will cooperate.

PROFITS OF MIDDLEMAN GIVEN TO CONSUMERS

Money Saved By the Food Administration For Both the Producer and Consumer.

Louisville, October 26 — Figures compiled by the Food Administration shows that the farmer, going to market this summer to sell his produce, got \$1.27 for every dollar that he received last summer; and the housewife, going to market to buy her supplies, and paid 87 cents for every dollar that she paid last summer.

The difference has been saved out of the profits of the middleman. For instance, the price of flour in the spring of 1917 was \$16.75 a barrel wholesale in Minneapolis. This spring it was \$9.80 a barrel. The difference between the selling price of a farmer's wheat and the selling price of the flour that was made from that wheat was \$5.68 in May, 1917. In May, 1918, it was only 64 cents.

These reductions have been made despite the fact that we have taken out of our markets enough food to save our Allies in Europe from famine. We have shipped 120 million bushels of wheat instead of the 20 million bushels that we thought would be our limit. We have exported 87 million pounds of beef a month instead of only 2 million pounds. And instead of only 50 million pounds of pork a month, we have shipped as much as 308 million pounds.

In a campaign to prevent profiteering and food wastage, the Food Administration in ten months imposed some 815 penalties on wholesale and retail dealers, commission men, millers, bakers, cold storage companies, brokers, grocers, restaurant men, and so forth. About 150 companies and individuals have been ordered to abstain from business in licensed commodities either permanently or for stated periods. The others have been regulated by fines or minor penalties. In many cases, the desired result has been obtained by means of warnings. And besides this work of the Washington headquarters, the Federal Food Administrators in their respective States have disposed of a vast number of cases on their own authority.

There is still profiteering going on, and against it the Government is making a broad campaign, but shortage of shipping has become one of the great causes of the high cost of living, and that difficulty can only be overcome by building ships.

The price of bananas has increased because half the banana boats been taken as army transports. There is a huge crop of sugar in Cuba, Porto Rico and Hawaii, but there are not ships enough to move it. Ocean freight rates on rice and tea and tapioca from China, India and the straits settlements have become very high. On tea, for instance, the rate has risen from one cent to five cents a pound.

We used to import great quantities of hides from China, and we bring a tanning extract, called quelbracho, from South America. Ocean freight rates on hides have increased 500 per cent and on quelbracho 600 per cent. Our farmers use nitrate of soda from Chili for fertilizer. The rate on it has increased from \$5 to \$30 a ton. Equal increases have helped to raise the price of putte and hemp, urubber, tin and wool.

Those are part of the inevitable hardships of war. The gradual defeat of the submarine campaign and the gradual suppression of profiteering are working together to reduce food prices. Both take time.

"I SOLEMNLY SWARE THAT I WONT EAT NO MORE ICE CREAM WHATS MAID WITH SUGER NOR NO MORE CANDY WHATS MAID WITH SUGER. HONEST AN TROO-CROSS MY HART. AMEN!"

AN HEROIC SACRIFICE.

GOVERNMENT MAY DRY FRUITS AND VEGETABLES

Department of Agriculture Authorized to Establish Food Dehydration Industry and Provide For Army and Navy Supplies.

Washington, D. C., October 26—Establishment of an industry within the United States to dry fruits and vegetables as a means of conserving the food supply of the Nation is one of the important projects started by the Department of Agriculture under authority conferred in the regular Agricultural Appropriation Act recently passed.

An appropriation of \$250,000 is included in that act to enable the Secretary of Agriculture to determine the best means and processes of dehydration and to disseminate information as to the value and suitability of dried products for food. Authority is given to establish and operate plants for drying fruits, vegetables, and other edible products for supplying food for the Army and Navy, if such action is deemed necessary by the President. Cooperation with commercial drying concerns is also provided.

The Secretary of Agriculture has designated an advisory board to administer this appropriation and outline and control the work to be done under it. The advisory board is to consist of representatives of the bureaus within the Department of Agriculture which are concerned with food production, regulation, and conservation, and of one representative each of the Food Administration and of the Sanitary Corps of the Army.

PUBLIC HEARING ON CORN MEAL STANDARDS DECEMBER 3

Washington, D. C.—A public hearing to consider the advisability of adopting definitions and standards for corn meal and corn flour will be held by the Joint Committee on Definitions and Standards at 10 a. m., December 3 at the Bureau of Chemistry, United States Department of Agriculture, Washington, D. C.

Products made from both whole corn and degerminated corn will be considered. The committee desires information concerning sterilization

and other means of insuring a sound product under market conditions, and suggestions are desired on the rules that should be used in differentiating between sound and spoiled corn meal and corn flour.

All persons interested are invited to attend and present pertinent facts. Those who desire may present their views in writing on or before the date of the hearing to the Secretary of the Committee, Bureau of Chemistry, Washington, D. C. The hearing will be held at 216, 13th street, S. W., Washington, D. C.

The Joint Committee on Definitions and Standards is composed of representatives of the United States Department of Agriculture, the Association of American Dairy Food and Drug Officials and the Association of Official Agricultural Chemists.

TO ALL WOMEN WHO ARE ILL

This Woman Recommends Lydia E. Pinkham's Vegetable Compound—Her Personal Experience.

McLean, Neb.—"I want to recommend Lydia E. Pinkham's Vegetable Compound to all women who suffer from any functional disturbance, as it has done me more good than all the doctor's medicine. Since taking it I have a fine healthy baby girl and have gained in health and strength. My husband and I both praise your medicine to all suffering women."—Mrs. JOHN KOPPELMANN, R. No. 1, McLean, Nebraska.

This famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has been restoring women of America to health for more than forty years and it will well pay any woman who suffers from displacements, inflammation, ulceration, irregularities, backache, headaches, nervousness or "the blues" to give this successful remedy a trial.

For special suggestions in regard to your ailment write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of its long experience is at your service.

Drink Milk==Eat Milk

It's the perfect food. And it's the cheapest food. It's nature's food. One quart of milk is equal in food value to eight eggs, or three-quarter pound of steak. Eight eggs at present cost 32 cents. The finished steak cost at least 28 cents. But a quart of milk does not cost 32 or 28 cents. It costs a good deal less than that.

The United States Food Administration says: "A quart of milk a day for every child, if possible, a pint without fail; a third of a quart for each adult."

Think it over and ask for Pasteurized milk. Its safe to use.

LONDON WOMAN PICTURES ESCAPE FROM PETROGRAD

Was Here When the Czar Abdicated—
Describes Rasputin as a Terrible,
Disgusting Figure.

London—Out of Petrograd, in a terrible journey which required twelve weeks, Mrs. Lesley Waller, daughter of Mrs. Oscar Beringer, author of the dramatization of Mrs. Hodgson Burnett's internationally popular book "Little Lord Fauntleroy," has just reached London.

"It is difficult for me to talk about Russia," she said. "It seems to have left a horrible black smudge across my brain which I cannot wipe out. I don't mean that I suffered harm during those days of dreadful uncertainty but the last two years of my life in Petrograd were tragic. My baby was born and died during that awful time, and remembering things still hurts a great deal. Somebody asked me today to write something about Russia but I simply can't put anything down."

Before she married Mr. Waller Miss May Holford Beringer was a popular actress and shared with her two younger sisters several considerable triumphs on the English stage. At present Guy Beringer, the brother of these three young women, is shut up somewhere in Moscow, where he has been representing Reuters' agency.

Mrs. Waller was in Petrograd when the czar abdicated, when Rasputin was murdered, and during all those amazing times when government succeeded government, and when rulers, generals, princes, and statesmen were exalted and deposed like dolls in a giant's nursery.

On one occasion she came face to face with Rasputin.

It was about three years ago, when although the evil monk was still supreme in the household of the czar

and czarina, he had lost his hold upon the aristocratic court. He had become too vile, too repulsive in his appearance and in his habits to meet with any favor from the ultra-elegant women who once upon a time had fawned upon him and loaded him down with favors.

Mrs. Waller went with her husband "as a matter of curiosity," she says, to a luxurious but disgraceful music hall which was one of the haunts of debauched men of the court circles and of women of the lowest class. Seated at one of the little marble tables in the center of the brilliantly lighted hall she saw the decadent and terrible figure of the monk. He was a man whose appearance alone was frightening and disgusting.

His eyes were the most amazing and frightened features conceivable. They were sunk deep in his head, the heavy brows framing them and intensifying a strange white rim which seemed to encircle the pupils. Whether they were light or dark eyes could not be seen, but they seemed to glow with a white glare which was positively terrifying.

He was dirty and ill kempt beyond description, his reddish black beard straggling over a spotted and frayed soutane, while his clawlike hands grasped a goblet of vodka, which he seemed to be swallowing as an ordinary man would drink a glass of beer. He didn't appear to be talking much. He was just looking, but he was surrounded by women, while every now and then groups of men would go up to him and speak to him with a certain amount of deference that was oddly out of place under conditions which were anything but dignified.

"I will never forget that vision I had of the monk Rasputin," Mrs. Waller said today. "It haunted me for many nights and days, and sometimes now I can see once more in my dreams the glare of those awful eyes beneath the black screen of heavy brows."

Mrs. Waller recalled the wave of

tremendous excitement which prevailed throughout Petrograd when the news came of the monk's murder by Prince Yusupoff. The people could be heard surging through the streets, shouting and yelling, ringing bells and singing revolutionary songs.

A throb of hope went through the foreign residents of the city that things might quiet down now that the evil monk was gone.

BOSTON WATERS 94,672 HORSES

Boston, Mass.—The Massachusetts Society for the Prevention of Cruelty to Animals watered 94,672 horses in Boston during the summer. The traveling officer has already covered 6,050 miles and inspected 8,000 animals, investigated 177 cases, made 28 prosecutions with 23 convictions, humanely destroyed 33 horses, and taken 45 horses from work.

During August officers of the society investigated 794 cases, examined 5,547 animals, made 31 prosecutions, with 29 convictions; took 190 horses from work, humanely destroyed 73 horses and 481 small animals. In the stockyards and abattoirs 34,445 animals were examined and 35 humanely destroyed.

BRITISH DEPENDENCE ON GERMAN LENSES IS PAST

London—It is an open secret that for the first year or two of the war the British naval and military authorities would have been badly off had it not been for the German lenses that they still continued to obtain through neutral markets. At present rapidly growing glass industry has been established and the old dependence upon Germany is a thing of the past.

WANT FRENCH DOORS

A Pittsfield contractor says he finds an unprecedented demand for French doors, which are one of the greatest coal savers. It is almost impossible to find the doors in stock—they have to be made by the contractor.

LOD READING INDORSES THE MOVE

Assurance from Lord Reading, British High Commissioner to Washington, that with the aid of American troops the Allies cannot fail, is contained in a letter to Sir Arthur K. Yapp, head of the British Y. M. C. A., made public yesterday at the United War Work Campaign headquarters. Lord Reading conveys wishes for the success of the drive by the Y. M. C. A., Y. W. C. A., National Catholic War Council, K. of C., War Camp Community Service, Jewish Welfare Board, American Library Association and Salvation Army for \$170,500,000 to continue the service which has made our fighters so confident.

Lord Reading's letter is as follows:

"I wish you every success in your visit to America and I feel sure that as representative of the Y. M. C. A. you will have a very hearty welcome there. From the day of its foundation the Y. M. C. A. has been an overgrowing power for good. Since the war it has held out a friendly and helping hand to many thousands of men in the war areas and given them rest and comfort when they were most needed.

"During my recent visit to France I saw evidence of its widespread activity and the excellence of its organization, and I am only expressing the common sentiment of every American and British branch of the Association.

"I should be glad if you would tell your audiences in America that I have come back from my visit to France where I had my opportunities of seeing the American soldiers deeply impressed by the spirit which inspires all ranks and convinced that with their aid we cannot fail to achieve a final victory, and let us hope, at no very distant date."

Mr. and Mrs. Charles Hall received a card from their son, Private Charles D. Hall, stating that the ship on which he sailed has arrived safely over seas.

WELD SEVEN WAR WORK AGENCIES INTO RELIEF ARMY

Great Organizations Which Are
Helping to Keep Up the Morale
of Fighting Millions Unite in
Campaign for \$170,500,000.

With millions of American men on war fronts, in training camps and on the seas and with thousands of American women on foreign soil, all engaged in the stupendous task of making the world safe for democracy, a great duty devolves upon those who remain in the United States—the duty of sending Home to those who have put Home behind them for the period of the war. The agencies through which this can be accomplished are joined in the United War Work Campaign.

From being given the cigarette or chocolate bar, with which he stays his hunger in the fury of battle, to the theatrical entertainment or the athletic games, which relax him into normal comfort after weeks of terrible combat, the American fighter is dependent upon the continued efforts of the Y. M. C. A., the Y. W. C. A., the National Catholic War Council and K. of C., the War Camp Community Service, the Jewish Welfare Board, the American Library Association and the Salvation Army. To carry on this work the combined welfare organizations are seeking a fund of \$170,500,000.

The Y. M. C. A. provides 538 huts in American training camps and more than 800 in the war zone as centres where the fighters can use as clubs, schools, theatres, stores, churches, libraries and writing rooms. More than 7,000 men and women had been sent overseas or approved for overseas work by early autumn and 3,822 were serving in American camps at home.

The Y. W. C. A. does similar work for the thousands of American women in war work overseas—signal corps telephone operators, nurses and French munition workers. It provides cafeterias, rest and recreation centres, entertainment and reading for these women and girls.

The Y. W. C. A.'s outstanding contribution to soldier welfare work in training camps was the establishment of Hostess Houses, where the soldier or sailor may receive his mother, wife, sister or sweetheart in the surroundings and atmosphere of the best homes.

The National Catholic War Council co-ordinates all Catholic welfare work in support of the government and through the K. of C. provides clubhouses for our fighters in all American training camps, as well as having seventy-five centres in France and three in England. In their huts the K. of C. provides entertainment, movies, boxing bouts, educational work, religious services, free stationery, reading matter and writing rooms. In France their rolling canteen accompanies the American army, their secretaries march with the troops, giving away cigarettes, cookies, chocolates, soap and towels.

The K. of C. had 800 workers in France at the beginning of autumn, with 450 more passed by the government and 200 others signed up. At the same date they had 468 secretaries in American training camps, 150 buildings, fifty-six more in the course of erection and contracts let for fifty more.

War Camp Community Service functions exclusively in America, its special mission being to "surround the camps with hospitality." In place of leaving the soldier or sailor to the promiscuous companions and diversions formerly his lot, the organization obtains for him the best to be had in communities adjoining camps or through which he passes.

W. C. C. S. obtains for him invitations to dine, bathe or spend the day in the best homes. It introduces him to the best women and girls at social gatherings, church entertainments, theatre parties. It arouses communities to provide concerts, athletic contests and other wholesome diversions for the soldier, and to drive out or discourage the vicious elements which have been historic camp followers.

The Jewish Welfare Board is correlating the strength and purposes of 100,000 Jewish soldiers, sailors and marines with that of the Gentile soldiers. The board teaches the English language, American civics and ideals to thousands of young Jewish men inducted into service after

DOUBT DISAPPEARS

No One in Maysville Who Has a Bad Back Should Ignore This Double Proof.

Does your back ever ache? Have you suspected your kidneys? Backache is sometimes kidney ache. With it may come dizzy spells, Sleepless nights, tired, dull days, Distressing urinary disorders. Doan's Kidney Pills have been endorsed by thousands.

Are recommended here at home. You have read Maysville proof. Read now the Maysville sequel. Renewed testimony; tested by time. Mrs. John Burns, West Second Street, says: "I was subject to severe spells of backache and other kidney trouble. They would come on every three or six months and there were times when I was confined to bed and rendered helpless. The quick and decided benefit I received from Doan's Kidney Pills was wonderful. I have never had such severe attacks since." (Statement given February 13, 1914.)

NO TROUBLE SINCE
On November 15, 1916, Mrs. Burns said: "I have the same good words of praise for Doan's Kidney Pills today, as ever. I have not needed a kidney medicine since I took them." Mrs. Burns is only one of many Maysville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for DOAN'S KIDNEY PILLS, the same that Mrs. Burns had—the remedy backed by home testimony. 50 cents at all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back is Lame—Remember the Name."

only a few years' residence in this country. While safeguarding his religious rites, the board assists in the process of welding the Jewish soldier into the solid American unit and in bridging over the differences between him and the others.

The American Library Association is providing reading matter for every American soldier, sailor, marine and prisoner of war. In addition to gathering and forwarding three million

SEPTEMBER FOREIGN TRADE REACHED NEW LEVEL

For the sixth time during the present year the value of the imports of merchandise for the current month has exceeded those for the corresponding month of any previous year, and for the fourth time this year the value of the exports of rich current month has exceeded those for the corresponding month of any previous year.

Imports for September were \$262,000,000, an increase of nearly \$26,000,000 over September, 1917, but a decrease of \$10,000,000 from August this year. For the nine months ending September, 1918, the imports were \$2,322,000,000, an increase of \$40,000,000 over the corresponding period of 1917.

Exports for September amounted to \$550,000,000, an increase of nearly \$100,000,000 over September, 1917, and \$20,000,000 over August, 1918. Exports for the nine months were \$4,561,000,000, a slight decrease as compared with last year, but an increase of \$610,000,000 over the corresponding period of two years ago.

Imports of gold were \$2,600,000 during September and \$56,500,000 for the nine months. Exports of gold were \$2,280,000 and \$34,260,000 for the two periods respectively.

Imports of silver were \$7,170,000 for September and nearly \$55,000,000 for nine months, while exports of silver amounted to \$10,300,000 and \$165,000,000, respectively.

TWO SMALL FARMS FOR SALE

We have two good farms for sale
belonging to Mr. Green McDonald at
Sand Hill Station on the C. & O. R. R.

Farm No. 1 contains 120 acres. This farm has on it a small house, and is all bottom land and very productive. Price \$42.50 per acre.

Farm No. 2—Adjoins farm number one and is up land, and contains 125 acres. The improvements consist of a 5-room house, tobacco barn and usual outbuildings. Price \$40.00 per acre.

Here is some very cheap land, and it is priced so it will sell. In our judgment you can't go wrong in buying land that is priced this way.

ATTENTION, SUFFRAGISTS, BOTH MEN AND WOMEN

An Urgent Appeal to Those Who Are in Harmony With This Great Movement.

In a few weeks the Kentucky Equal Rights Association will hold its Annual Convention. At the last annual convention held in Lexington November 30-December 1, 1917, Mason county was pledged \$50 (fifty dollars) for support of State and National Suffrage work. Like the Democratic and Republican parties there are no membership fees nor dues in the Suffrage Leagues. The only conditions of membership are belief in Woman Suffrage and expression of that belief. The work of the suffrage organizations is supported by voluntary contributions. No one is ever asked more than once within the year for a contribution.

Of the six hundred or more persons who have signed membership cards in the Mason County Woman Suffrage League, not more than one hundred have ever made a contribution to suffrage work, county, state or national. A large majority of the one hundred have not made more than one contribution during the five years and more of the league's existence. Only a small group have contributed annually.

Owing to the press of war work for the past year, the league has not been having regular meetings and there is now in the treasury only \$28.50 to pay the \$50 (fifty dollars) pledge. The \$28.50 was paid by the following persons, for the most part without any form of solicitation either public or private:

Mrs. B. M. Finch	\$5.00
Miss Mary Finch	3.00
Miss Jessie Yancey	5.00
Mrs. E. L. White	3.00
Miss Lucy K. Browning	2.00
Mrs. John Hall	2.00
Mrs. Abner Hord	1.00
Miss Lucy Lee	1.00
Mrs. T. F. Tyler	1.00
Mrs. Will Kackler	1.00
Mr. W. E. Pogue	1.00
Mrs. Houston Hall	1.00
Mrs. J. W. Lee	1.00
Mrs. Lucy Willett	.50
Mrs. C. F. Owens	.50
Sale of cards and pencils	.50

Total \$28.50
Fifty dollars seems a small sum for a great county like Mason, with its enlightened, progressive citizenry, to give to the cause of democracy on this side of the Atlantic Ocean. We have given by the million to aid the struggle for democracy on the battle fields of Europe. Let us not forget that we have only a partial democracy in the United States. Fifty dollars is little enough to ask our people to give to aid in the work of removing from women, who together with men are

Somebody's Dollars Will Do It—I Wonder if They'll Be Yours

By Bruce Barton

I WILL tell you what will happen some night this winter in France. Some night when its cold and dark. There will be a rustling through the front line trench, where our boys stand guard. And a heavy laden Secretary will make his way along.

In his hands will be great steaming pots: in his pocket chocolate and cigarettes.

From one man to another he will go, passing a cup full of hot coffee to hands that tremble with the cold; bringing the comfort of a bit of sweet and a smoke.

Men will hail him cheerily, slapping him on the back; and when he has gone things will be a little easier in that trench because he has passed that way.

How much will it cost to make that trip, do you suppose? Counting the pittance that the Secretary is paid, and the cost of the chocolate and the cigarettes and all?

Five dollars? Twenty-five dollars? I do not know.

But whether it is five dollars or twenty-five, I'd like to think that it is my five or twenty-five—wouldn't you? That some night when it's cold and lonesome, my money and yours might send a Secretary out along that front line trench. Let's make up our minds that we are going to pay for a score of those trips. A score of the nights this winter shall be our nights.

—nights when the boys greet joyously the chocolate and cigarettes that our money provided; and are happier because our representative has passed.

United War Work Campaign

For the Boys in the Service

bearing the burdens of the war, the stigma of political disability.

Whichever way the pending Federal Suffrage Amendment goes, there is a campaign ahead. If the "willful" thirty-four senators stand out against the sixty-two the President, and the leaders of thought and action, both men and women in the foremost nations of two continents, and by failing to pass the Amendment before March, force the continued outlay of time, energy and money in the continuance of this struggle that can not end until women share with men, the rights and powers of citizens, there is another campaign necessary to put the Amendment through the next congress. If the Amendment passes the Senate before March, there must be a campaign for ratification by the several states.

This is a victory that can not be won without the expenditure of some money any more than the victory over militarism. Both are necessary to the purposes of democracy and the further ongoing of civilization.

During the enforced inactivity due to present health conditions is a good time to catch up with hitherto neglected work. There is no campaign on to furnish reason for further neglect of this duty—small for the individual but large in the aggregate.

Let us remember that for seventy-two years, since 1846, there has been organized effort in the United States to secure to the mother sex unobstructed freedom in the exercise of the right to a voice in selecting those who make and administer the laws by which men, women and children are governed. Many have been the hardships encountered and the sacrifices made in which Kentucky had no part until 1888, and Mason county no part

until 1913. Three generations of brave men and women have struggled to bring the issue to the present point nearing final victory. Surely there are twenty-one or twenty-two men and women in Mason county with sufficient spirit of the heroic to want at least a \$1 share in securing the victory. Those who can not spare \$1, give less, but give something. Do it at once without further solicitation. Convention time will soon be here.

MRS. ANER HORD, President.
MRS. HOUSTON HALL, Secretary-Treasurer.

C. & O. HARD HIT BY INFLUENZA

Spanish influenza is making serious inroads in some railroad circles, and considerable trouble has been occasioned by the disease.

J. P. Stevens, General Manager of the Chesapeake and Ohio, reported that 4,500 employees on that system were reported suffering from influenza. This, together with many victims of the same disease among the miners, has necessarily had its effect on the production of coal.

Mr. Stevens said that the C. & O. had found it necessary to utilize experienced railroad employees in every way possible, and that he was on a train with an engineer at the throttle, another engineer acting as a conductor and still a third acting as part of the train crew.

B. Y. CHAMBERS TO LEAVE

Mr. B. Y. Chambers has resigned his position as Manager of the Maysville Telephone Co. and will on November 1st, leave for Atlanta, Ga., where he has accepted a similar position with the National Telephone Supply and Development Co.

During the brief stay of Mr. Chambers in this city, he has taken a very keen interest in its business life. Aside from his duties as head of the local Telephone Company with which he has been successful, he was a member of the Board of Directors of the Chamber of Commerce and other movements working for the good of the community.

Mr. and Mrs. W. T. White, after a week's visit to her parents, Mr. and Mrs. B. P. McClanahan, of West Second street, have returned to their home in Indianapolis.

Mr. James Frost, Jr., is improving slowly from an attack of influenza at the home of his parents, Mr. and Mrs. James Frost of Cherry street.

Mr. George W. Crowell, who was taken suddenly ill at his home on East Second street last night, was reported better today.

Mr. and Mrs. Lawrence Frost and sister, Miss Nettie Frost, of Cherry street are improving slowly from an attack of influenza.

Small bunch of keys about noon Saturday. Party finding same please leave at Ledger office.

TO OUR CLIENTS AND FRIENDS

The Bank of Maysville takes this opportunity to extend its thanks to its customers and friends whose hearty response to our country's appeal enabled this bank to exceed its quota of \$201,300 by the sum of \$80,500 of the Fourth Liberty Loan, making the total amount of subscriptions received through this bank of \$281,800.

The same spirit of practical, unqualified devotion in which our men are so finely doing their task over there, made possible successful performance of the duty "over here" of putting the Fourth Liberty Loan "over the top."

With appreciation of this spirit of American achievement we, again thank all who have so splendidly co-operated with this bank in contributing to the success of the Fourth Liberty Loan.

BANK OF MAYSVILLE

MAYSVILLE, KY.

A NEW FOEMULA FOR DREAD PNEUMONIA

Issued By the Government Is Said to Be Effective—Simple Remedy Is Said by Government Authorities to Be Absolute Cure For Malady.

A remedy for pneumonia has been sent out from the office of the surgeon general of the United States at Washington, D. C., which is said by the government authorities to be an absolute cure.

The formula has been sent to all hospitals, to military camps and to all government officers. Tests are declared to have proven its efficiency.

The instructions have just been received by United States officials in this city and will be immediately used in all cases. The remedy is so simple that all afflicted can use it. Here is what the government advises:

"Saturate a ball of cotton as large as a one-inch marble with spirits of alcohol. Add three drops of chloroform to each ball of cotton. Place it between the patient's teeth. Let patient inhale the fumes for 15 minutes, then rest 15 minutes, or longer if needed. Then inhale again 15 minutes and repeat the operation as directed 24 times.

"The result will be that the lungs will expand to their normal condition. In 24 hours the patient is out of danger. Change cotton often. It ought to be changed twice in 15 minutes."

When Col. John C. W. Brooks, commandant at Carnegie Institute of Technology, was asked whether he has seen the above formula, he said:

"Yes, I received a copy from the office of the United States surgeon general, and believe it will prove very effective. It will be a wonderful thing, in my opinion, and upon receipt of

the formula I immediately sent it to all local hospitals. Of course we cannot say yet what effect it has had here, but I have been informed from Washington that the authorities there have no doubt as to the results to be obtained from the treatment."

The above has been published in the Pittsburgh and other eastern papers, and, of course, has been read with interest by everyone.

MR. TILDON WOOD SUCCEMBS

Mr. Tildon Wood, aged about 35, died this afternoon at his home in the Sixth Ward, after a brief illness of pneumonia. He is survived by a widow and two sisters, Mrs. Louis Bradford of Manchester and Miss Anna Wood of this city. Funeral arrangements have not been made.

RAYMOND F. MUSE MARRIED

Cards have been received by relatives in this city announcing the marriage of Mr. Raymond F. Muse to Miss Lorence Scott, Tuesday, October 22, in Indianapolis. Mr. Muse is the eldest son of Mr. and Mrs. Boyd K. Muse, formerly of this city, and has a host of friends hereabouts who will wish him well in his matrimonial venture.

In a communication to the Ledger, the announcement is made that the twelfth annual meeting of the Southern Medical Association, which was to have been held at Asheville, N. C., on November 11-14, has been postponed on account of the influenza epidemic, as the physicians are needed at their respective homes.

The condition of Mr. J. Clayton Pecor at 3 o'clock this afternoon was very critical with but slight chances for any improvement.

Mrs. Emma Freund returned home to West Wood, Cincinnati, after a pleasant visit with relatives.
